Address: BLK 29 LT 6 KAMAGONG ST. MINUYAN CITY OF SAN JOSE DEL MONTE, BULACAN 3023

PROFILE

Recent Computer Science graduate with expertise in Python and VB.NET, aspiring to begin a career as a developer or programmer. Passionate about Python game development using pygame and proficient in web development (HTML, CSS, JavaScript) with experience in MySQL for database management. Strong problem-solving and code efficiency skills. Motivated, adaptable, and eager to contribute to software projects while staying current with tech trends.

EXPERIENCE

Jul – Dec 2022

On-the-Job Training

Elixer Multi-purpose Cooperative | Sta. Maria, Bulacan

- Troubleshooting computers, diagnosing hardware and software issues, and providing necessary repairs or maintenance.
- Upgrading and reformatting computers to improve performance and security.
- Installation and setup of CCTV systems for office security.
- Inventory management using Excel in the Admin Department.
- Participated in the recruitment process, including interviewing applicants.

PROJECTS

Thesis Capstone: The Adventures of Tom: A Python-based Interactive Assessment Game for BSCS Freshmen Students of Colegio de San Gabriel Arcangel (CDSGA)

- Developed a Python-based interactive assessment game for BSCS freshmen students at Colegio de San Gabriel Arcangel (CDSGA).
- Utilized Python and pygame for game development.
- Integrated MySQL for question storage and user account management.
- Designed to assess students' comprehension of lessons, providing an engaging learning experience.
- Repositories: github.com/Lert-Jayson/Thesis-Capstone-BSCS
- Featured Videos:
https://drive.google.com/drive/folders/1NdsK_eyEhb9UfgrCqTEOK3jPz-uy3os-?usp=sharing

Personal/Portfolio Website

- Developed a dynamic, responsive website using HTML, CSS, and JavaScript.
- Showcases achievements, projects, and passions.
- Demonstrates technical proficiency and personal brand.
- Enhances personal and professional growth.
- Repositories: https://github.com/Lert-Jayson/My_Portfolio_Website.git
- Link: https://lert-jayson.github.io/My_Portfolio_Website/

Brgy Record Management System

- Created a record management system for a barangay using Visual Studio and VB .NET.
- Implemented a MySQL database for efficient data storage and management.
- Developed an intuitive user interface for data entry and retrieval.
- Repositories: <https://github.com/Lert-Jayson/.Net-BRMS-2nd-yr-Project>

Inventory Management System

- Developed an inventory management system using Visual Studio and VB.NET.
- Utilized a MySQL database for inventory data and stock level tracking.
- Designed a user-friendly interface for inventory management.
- Repositories: github.com/Lert-Jayson/.NET-inventory-Project
